

NGUYỄN TẤN NHẬT

Front-end Developer

As a front-end developer with some experience in html, css and javascript . My biggest target is try to be a front-end developer with various languages, mainly Reactjs and JQuery. Eventhough I'm inexperienced in actual company but I really take attention doing self-learning and try to involved in some projects . I believe with a hard-working attitude and my own potential, I will devote myself to the greatest goal of the company
